

HASSAN AMEER

Front-End Developer

About Me

I'm a passionate React developer with 6 months of hands on internship experience building responsive and user friendly web applications. I enjoy learning new technologies and writing clean, efficient code. Currently looking for opportunities to grow my skills and contribute to real world projects.

- HTML
- CSS
- Tailwind CSS
- Bootstrap
- Javascript Es6
- React
- Shadcn UI
- Motion

Language

- English
- Urdu

Education

Inspire college Shahpur sadar

Intermediate
2023 - 2024

Government High School

Matriculation
2021 - 2022

Experience

DevSecMloPS - Lahore

March - August

I joined as a fresher and gained 6 months of hands-on experience, improving my front-end skills, learning React, and contributing to real world projects that enhanced my ability to build responsive, user friendly web applications.

Project-Based Work

ADMIN DASHBOARD - ONSITE

Converted a Figma dashboard design into a responsive web app using React and Tailwind CSS. Focused on clean, reusable components and ensured smooth functionality across various screen sizes.

WEATHER APP - ONSITE

I developed a responsive weather app using React and integrated a weather API to display real time data. The app features a clean UI and offers accurate weather updates based on location.

5STAR - ONSITE

I converted a Figma design into a website using Bootstrap. Focused on clean layout and maintaining design accuracy to ensure a smooth user experience across devices.
